CUT OF 25 PER CENT.

Administration Favors Reduction of Duty on Cuban Sugar.

Washington, Jan. 31.—The only business matter of interest under discussion at the cabinet meeting today was the Cuban reciprocity question, now before congress. The president is very much in earnest in his advocacy of a reduction of the duty on Cuban sugar. Secretary Root also is a strong advocate of a reduction of about 25 per cent. It is believed that this proposition meets with the general approval of the members of the cabinet.

Chairman Payne of the house ways and means committee, today authorized the following statement.

"A report is being industriously circulated to the effect that the ways and means committee, by taking action on the bill reducing war taxes, has indirectly sought to dispose of the subject of Cuban reciprocity. Nothing could be further from the facts, and the erroneous report appears to be the result of a mixture of self-interest and unwarranted speculation. The fact that the ways and means committee has taken no vote on the subject of Cuban reciprocity, nor has there been any such conference or change of views among the members, nor among the Republicans of the committee, as would warrant any conclusion that there was no purpose to deal with the subject of Cuban reciprocity. The bill to reduce war revenue taxes was taken up because it was the sentiment of the committee that the burdens resting upon our people should be lightened before we turned our attention to lightening the burdens of other people. But it was not with the idea of making the reduction of war revenue taxes a barrier to full consideration of the relief asked by Cuba. That subject is to receive the full and early attention of the ways and means committee and any report suggesting that it had been covertly prejudiced is unwarranted by the facts. Equally unwarranted is the statement that any informal exchange among the members of the committee discloses a majority against any action on Cuban reciprocity."

HE GIVES HIMSELF UP

James Rollins Bingham to Satisfy the Law's Demands

Kansas City, Feb. 2. Broken in health and fortune, his proud spirit unbowed beyond belief, with old age coming upon him prematurely, James Rollins Bingham, scion of one of Missouri's best families, will be brought back to Kansas City to plead guilty to the charges of forgery which have been standing against him for twelve long years. Police Chief Hayes has sent an officer to Dallas, Tex., to bring Bingham back to retributive justice.

Several days ago the authorities received a letter from Bingham which covered five closely written pages and told of his desire to end the suspense which he has felt all of these years. Bingham was at once written that requisition papers would be secured for his return as this was the only way he could be brought back unless Bingham paid his own way. Chief Sterling Price of Dallas was notified by Chief Hayes and yesterday telegraphed that he had Bingham in his charge.

Dallas, Tex., Feb. 2.—Detective Johnson reached Dallas tonight from Kansas City to receive from the Dallas police department, J. Rollins Bingham, the Kansas City lawyer, and take him back to Kansas City to answer to charges of forgery and falsification of papers, pending in the courts there for the last twelve years, in connection with property formerly belonging to Bingham's stepmother. Bingham will return to Kansas City voluntarily tomorrow night, no requisition papers being necessary. He is in very poor health and out of money, but maintains a bearing that arouses sympathy. Persons in Kansas City wired financial aid for him to the Dallas police department today, which Bingham appreciates.

MANY MORE ARE DEAD

Deaths of Mexican Mine Explosion Reach One Hundred and Six.

San Antonio, Tex., Feb. 2.—The latest information from the Hondo, Mexico, mine explosion shows it to have been fully as serious as at first reported. There was a total of 106 miners at work in the mine when the explosion occurred, and all of them are dead. The majority of the victims are Mexicans and Chinamen, very few Americans having been at work in the mine.

Every mule in the mine was killed, three dead ones being taken from the debris today. The work of clearing away the wreck in order to get to the bodies is being rushed as rapidly as possible, but there is no hope that any of the 106 men would be rescued alive. The explosion occurred in mine No. 6, and was occasioned by striking a gas pocket. The mine is the property of the Coahuila Coal Company, R. M. McKenny being superintendent. The names of none of the victims have been learned here. The loss to the owners
